Maestro™ SALES SHEET

Imagineear

The Maestro™ high impact, innovative, immersive

The Maestro™ is our ultimate on-site device. Beautifully designed and robustly engineered for high-volume, all-day operations.

The Maestro™ features: Imagineear's Precision Connect™ suite, powered by ultra-wideband for pin-point triggering, indoor positioning, navigation and 100% syncing accuracy; WiFi for wireless updates and analytics; front and back cameras combined with our 5-in-1 chipset supporting immersive AR experiences; TourBuilder™, our onboard content management software to easily, quickly and creatively present tour content. Maestro integrates our Multimedia GroupGuide™ software allowing tour guides to speak to their group and trigger multilingual content without the need for additional kit.
