Piccolo™ SALES SHEET

Imagineear

The Piccolo™ light, intuitive, vivid

The Piccolo™ is an all-in-one multimedia platform that gives you unprecedented understanding and control of your visitor experience.

Intuitive to use and easy to maintain, the Piccolo™ comes equipped with a vivid, high-resolution colour touchscreen that supports videos, images, text and interactives.

A dedicated high-definition digital multimedia chip will provide your visitors with a super-clear, rich, immersive media experience, time after time.

The Piccolo™ is slimmer, lighter and better sounding than any previous audio guide; it combines the quality and support you've come to expect with the next level of versatility, accessibility and innovation.
