Maestro™ OVERVIEW

Imagineear

The Maestro™ is our ultimate on-site device.

The Maestro™ is our ultimate on-site device, beautifully designed and robustly engineered for high-volume, all-day operations.

It features the Precision Connect™ suite, powered by Ultra-Wideband for pinpoint triggering, indoor positioning and 100% syncing accuracy. With dual cameras and a 5-in-1 chipset, the hardware enables immersive AR experiences, while our onboard CMS manages content delivery. It also integrates Multimedia GroupGuide™ for guides to trigger multilingual content without extra equipment.

KEY FACTS

Product Name
Maestro™

Dimensions
